NOTE: It was explained that the "USIB" occurring on recent requirements under the heading "reference" on NPIC Form 188 is an arbitrary designation replacing the old "PC" number for purpose of machine economy. It indicates a follow through on a COMOR requirement or a requirement which in itself represents a need of the Committee.

2. [] opened the discussion concerning ADCOM/SECRETARIAT/NPIC procedures. He stated that three papers had been submitted (from DIA, CIA and the Secretariat) and asked if the committee was ready to discuss them.

50X1

After [] discussed certain points of the DIA proposal, [] stated that "the Center was not prepared to discuss the question at this time". Mr. Steele "requested a delay until the Committee heard from NPIC" and [] "recommended NPIC be given a chance to review the three proposals". As a result of these opinions [] postponed further consideration until the Committee heard from NPIC.
